Ballyconnell Library - C-Pen Reader The C-Pen is a reader pen which scans and then reads text aloud to help with independent reading. People with dyslexia, aphasia or other reading difficulties may find the C-Pen helpful. People learning languages or those with vision problems may also find these pens useful for home, study or work. The pen reads text aloud with a natural speaking voice. The pens have built-in dictionaries so you can access definitions as you read for better understanding. The C-Pen doesn't store any data. There is no need for an internet or WiFi connection. Ask a member of staff for more information. You can borrow a C-Pen for 3 weeks. You need to register for a Toys, Technology & Training Card to borrow. **Radon Monitors** Ever wondered about radon in your home? Cavan Local Community Safety Partnership has launched a county wide Community Safety Survey and is encouraging everyone age 12 years and over to take part. The survey will help shape the new County Cavan Community Safety Plan 2026–2028, ensuring that local priorities and actions reflect the real concerns of those who live, work, and visit the county. Community safety — both being safe and feeling safe — is a fundamental part of quality of life. That's why we want to hear from people across all our communities. Your feedback will play a vital role in identifying key challenges, needs, and opportunities and will directly inform the new three year plan.
